

We have been trying to finalize the rule modifications for the High School Boys 6v6 games. Here is the structure:

- 2x25 min halves with a 5 min halftime
- No offsides
- Regular substitution rules
- Goalie can't punt or throw past half without it bouncing on their side first. This would not be the case for goal kicks or penalty kicks or any ball off the ground.

Field Size: 60yds x 50yds,

- goals positioned at the football 20 yd line on each end of the field
- use the football sidelines
- top of goal box on the 25 yd line and the sides are the football hash marks — goal kicks are taken from there.
- The top of the penalty box would be the 30 yd line and sides are the blue Lacrosse lines

Penalty kicks taken from the 32 yd line since it is still a full 24ft. goal size.
